TA Chamber Member  
'Double Discount' Offer

Don't just Spend Local...

- Work local
- Recruit local
- Engage local

Find out more with a no obligation discussion  
with one of our experienced consultants on  
07 870 5402

#### We're here to help...

As local businesses large and small come to terms with their 'new normal' questions, challenges and opportunities are all coming to the fore.

'The only constant is change' has never been more true and we're seeing a huge range of responses to the changing world in the businesses we talk to and are working with.

Whatever your business or 'people' need, our local consultants are here to help!

We already have a 'one-hour' free special for businesses looking for advice around Covid related matters and as part of the Te Awamutu Chamber of Commerce Member/Member Discount offering, we're delighted to double that offer, to two hours of free business and/or people related advice.

So, whatever your need, we're here to help...and we'll do all about community, so if we can't help we will definitely know someone who can! Give us a call today... 07 870 5402

#### How can we help?

Restructuring - as businesses are changing in response to the environment we live in, it's inevitable that the structure of these businesses will change as well. Restructuring impacts everyone and the consultation required is often more complex than you think...it's important to get it right.

Redundancy - change that may adversely impact team members, isn't always avoidable, but there is always a right way to do it. A way that will protect your business and maintain the integrity of everyone involved.

Recruitment - whether you're the one looking for a new job or the business looking to fill a new role...we've got extensive local networks that can help you make the match of your dreams.

Business pivot and/or expansion- there are always winners and losers, and we're seeing some great examples of businesses who have been able to pivot and/or offer something new and valuable. Let us help you with strategy, tactics or the execution of the changes you need to make for your business to thrive.

### Homeward – 15% discount on all retail prices

**Craigs Investment Partners** – no obligations meeting and complimentary in business investment basics seminars (with catering provided!)

### B&C Property Management Ltd – reduced rental management fee from 7% to 6.5% for Chamber Members
